Title List Changes/Modifications September 2007

The number of ExitCare documents has increased by 23 new English titles, 10 new Spanish titles, and 88 new Bosnian titles. 275 Sports Medicine titles have been translated into Spanish. Based on our extensive editorial review guidelines, our documents continue to be reviewed by physicians who are specialists in their fields and by experts in technical writing to make our documents as medically complete and as easily understood as possible. This process is ongoing and will continue through each quarterly release. These modifications are listed below:

Modified Titles: (60 Documents):

We have standardized the following phrase in many of our documents:

“For the protection of your privacy, test results can not be given over the phone. Make sure you receive the results of your test. Ask as to how these results are to be obtained if you have not been informed. **It is your responsibility to obtain your test results.**” This replaces the phrase “Call for your test results.”
